

1. Form a group of 2 or 3 people.
2. Measure the dimensions of the classroom. (Length and Width)
3. Measure the dimensions of the permanent objects in the classroom. (Length and Width)
Remember to also measure the distances from walls and other objects for things that are not in a corner.
4. Divide all of your dimensions by 30.
5. Draw the room at a 1:30 scale.
6. Staple this sheet with your measurements onto your drawing

Thing	Measurement (length x width (cm)	Scale (1:30)	Drawing Measure (cm)
Room		÷ 30	
Cabinet by the door		÷ 30	
Desk		÷ 30	
Cabinet behind desk		÷ 30	
Filing Cabinet		÷ 30	
Cabinet at back of class		÷ 30	
TV		÷ 30	
Smartboard Projector		÷ 30
